

Smart Start

Service Training for Child Care Providers

Smart Start is a beginner level training series that meets the new requirements for pre-service training. This series is continuous and will repeat in order to meet the need of newly hired staff. This series is not only appropriate for new hires but also caregivers with little classroom experience.

Smart Start is an introduction to the fundamentals of early care and education programs for children. Including an overview of development, quality routines, appropriate environments, materials and activities. Emphasis on positive guidance principles and techniques, family involvement, and cultural influences.

The Smart Start series consists of:

- Session One: What is Quality
- Session Two: How Young Children Learn
- Session Three: Planning Each Day With Purpose
- Session Four: Adult/Child Interaction
- Session Five: Guiding Young Children
- Session Six: Learning Environment
- Session Seven : Physical/Emotional Well Being
- Session Eight: Working With Families

Smart Start—CDEC1009
